**The story behind
the MotoGP™ Trophy**

"The trophy project for the MotoGP™ World Championship is unique and was a challenge for me because of its symbolism. Not only did it need to have a visual impact, but it also had to represent the values of the oldest motorcycle championship in the world.

...ing this trophy, I was inspired by the Tower of Babel. The motorcycle World Championship is made up of riders from every continent and of different nationalities, brought together with a single objective: win and have their name on the highest part of the trophy".
